# Auto Fill Water Boiler

---

Connect to water mains  
filling in automatically

---

## Features

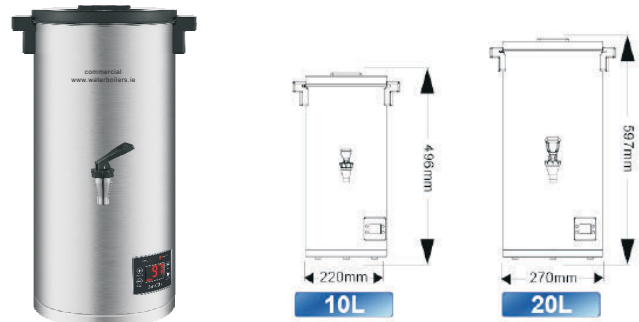

---

Strong hot water supply ability  
Operator adjustable temperature  
Electronic control  
Easy to read LED display  
With detachable lid for easy cleaning and hygiene  
With 3 water level probes, Min. Max. and anti  
over flow level  
Two mode optional (storage mode and step in mode)  
With failure alarm beep sound  
With memory function in case power off

## Options

---

---

DWB020-20

---

Idea for catering or self-service applications with  
variable, transparent temperatures and user control.

---

	Output per hour	Cups per hour	Dimensions (DH)	Get water height (without drip tray)	Get water height (with drip tray)	Power @230V	Net Weight (Kg)	Packing(mm) Dimensions	Qty pallet	Inlet water pressure
